March 19, 2021

Dear Sir/Madam,

NPTEL is a project of MHRD started in 2003 (<https://nptel.ac.in>) primarily to create text/video content for courses in engineering, humanities and management and make it available for anyone to learn from, anywhere, anytime. Since March 2014, we have been offering open online courses and follow it up with an in-person proctored certification exam. Students who go through the course, write and pass the exam, eventually get a certificate from the IITs.

In Jan-Mar 2021 500+ courses were offered for certification. The exams for these courses are to be conducted on March 21, 2021 in centers across India.

NPTEL sends Exam Observers to all these exam centres, to ensure that the exams run smoothly and we are aware of any issues, if they crop up. Since the project and number of centres are expanding, we wish to start including SPOCs, faculty and our NPTEL Team members who we can rely on and who we have been working with the last couple of years, as Exam observers on behalf of NPTEL.

We are very happy to state that Mr/Ms Y. Mulla Samina has kindly agreed to be an Exam Observer on behalf of NPTEL for the Mar 2021 exams. He/she will be going for Exam duty in a centre located in Safara. The Exam Observer has to be present at the exam centre on the allocated exam day, observe the processes and report issues, if any. Detailed procedures for the same have been shared with him/her.

We request you to kindly permit him/her for this activity. All expenses related to this will be covered by NPTEL and an honorarium will also be provided to him/her.

Looking forward to your favourable response.

Report of Tree Plantation Program

A tree plantation drive was held in the college premises on 19 Nov. 2020. The dual objectives of this drive were to enhance the tree cover on the campus and to sensitize the students and staff towards importance of trees.

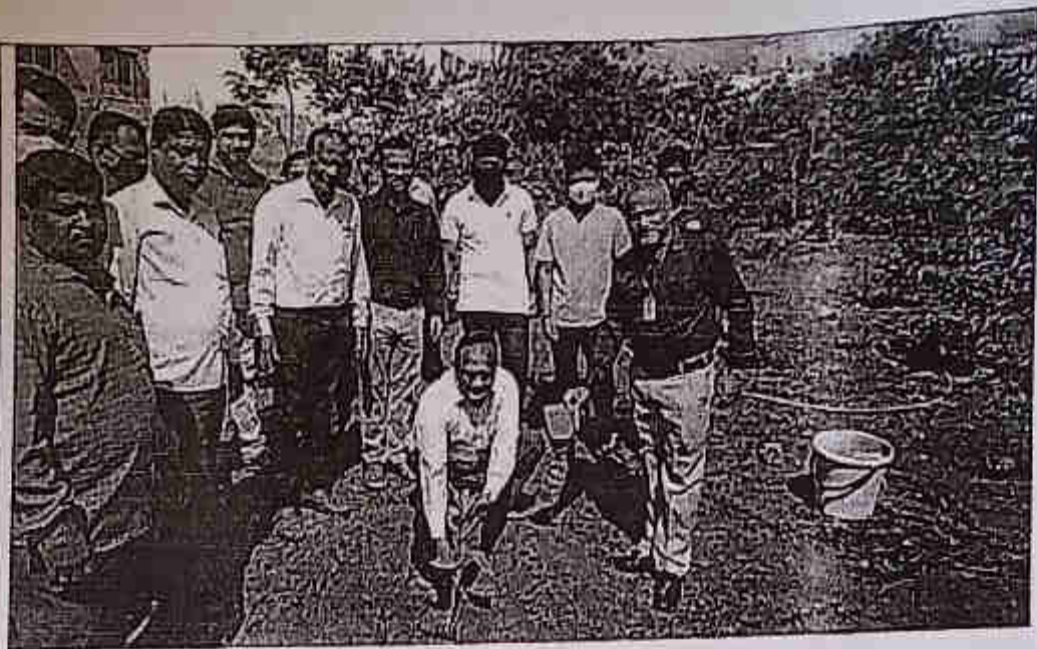

In this program, students of final year classes of all courses were made to plant a tree each at the designated place. Each tree was marked by a plate mentioning the name of the tree. The classes take the responsibility of nurturing their tree.

Students came to the site with their teachers as per the schedule and planted the trees. They were given information about the name and type of tree, color of its flowers, its blooming season and about what are they expected to do to take care of it.

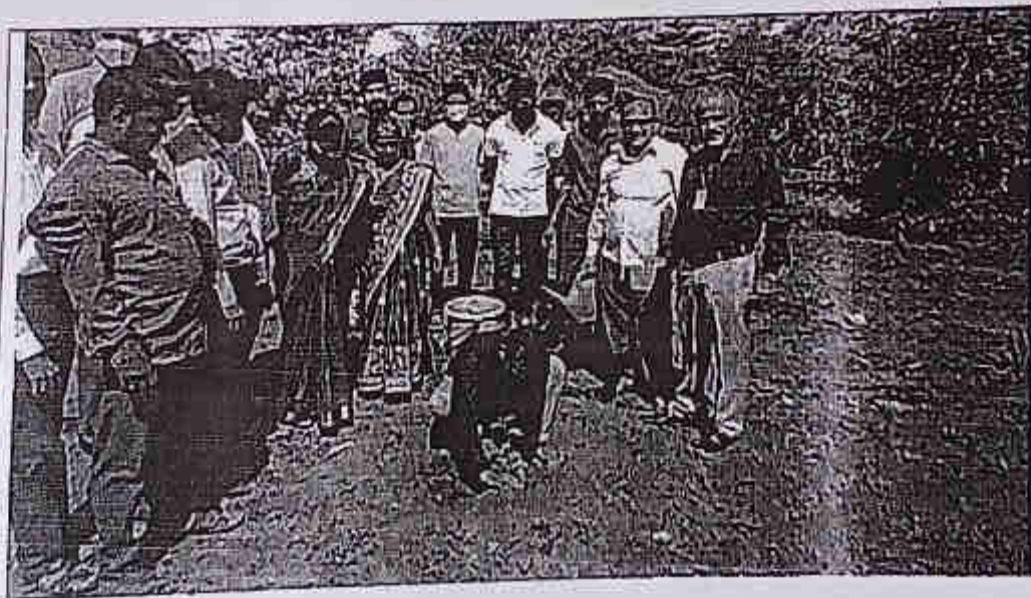

On this occasion one tree each was also planted by our guests Dr. Ravi Bhosale and Dr. Inamdar sir, and respected principal Dr. Pharande V.A.

In all 59 trees, were planted on the occasion, all of which are Ayurvedic trees.
